This is worth a chat in our meeting:

Buried in these 300 plus pages (prob getting even burying me after I asked them a question last week about a different pad)

Petro has sent in a Part 1 and a Part 2 for an existing, operating facility (this is not a mod). The PetroShale US 3H well was completed February 18th, 2018 and the PetroShale US 4H well was completed March 4th, 2018. Neither well began construction prior to October 3, 2016. A bit tardy

The Part 1 and 2 is for 2 Pads are close to each other but not continuous (they sent in two sets of Lat Lons) Should this be two Part 1s? it gets messy when you jam them together in Merlin.

Subject: PetroShale US 3H & 4H New Minor Source Registration

Ms. Smith and Mr. Edmund Baker,

On behalf of PetroShale US, Inc., please find attached a Registration for New True Minor Oil and Natural Gas Source in Indian Country for the existing PetroShale US 3H & 4H Oil and Gas Production Facility located within the boundaries of the Fort Berthold Indian Reservation. The required Part 1 and Part 2 Forms are being submitted in accordance with the Federal Minor New Source Review Rule codified at 40 CFR 49.151. This registration is being submitted as part of a US EPA e-Disclosure (Registration ID 110070244424).

If there are any questions or concerns with this submittal please let us know. Thank for your assistance with this matter.

Thank you,
